Presidents report

Well it appears that the weather is definitely changing for the better, and the days are getting longer, and finally warmer, this can mean only one thing, I NEED TO HAVE MY CHUTE REPACKED, in addition to my glider getting it's annual. All signs seem to be pointing towards a spring with some serious soaring, so get psyched.

If you have not heard yet, I have accepted serious foot in mouth, by taking on the task of putting on this years regional contest, I felt that a change in location could lead to a fun and exciting couple of days where we could show a few newcomers some of the facilities this club has to offer, who knows we may be able to gain a few new members.

So as I shuffle Hither and yon trying to tie up SOME of the loose ends, (had I known there were so many), I feel like the proverbial chicken who lost it.

Now as all of you can rest assured that with this being one of the most exciting as well as challenging regionals to date(and I am not just talking about taking off and flying away), for the next little bit I will be accepting ideas and suggestions, but from then on you will all have to wait and enjoy the fun. In the meantime don't forget to have all YOUR equipment checked out.

Till then HELP!!!! I will need volunteers. But with the assistance of Tim Donovan as the flight director, John Gavriel as safety director, and Mark Droy as my body guard I feel quite comfortable that we can pull this off in pretty good

this spring springing stuff going on, it is time for those good old club issues, you all remember the MHGA, it is time for each and everyone of you to dig deep into your pocket and come up with the \$15. dues that became due the first of the new year, and then you can rest assured that you are a member in good standing of one of the oldest hang gliding clubs in New England, who knows with all the goings on going on around here, and you getting a friend to join the organization, we stand a great chance of surpassing the 29 member number. So start soliciting.

Don't forget that spring is the best time to get rid of those unwanted officers in the club by nominating at the first meeting, someone you feel can get the job done. Elections will be held as usual in May.

The first meeting is scheduled for 4/9/94, at Gringo's Mexican restaurant, at 7:00 pm, so bring your ideas, and don't forget we don't take American express.

Other important items on the agenda are the ongoing interest in paragliding at some of our sites, as well as getting the new rules and regulations approved by the club membership, so if any of this is of interest to you don't forget to mark your calender.

Treasurers Report

Presently we have \$803.31 in our account, and when the memberships dues are renewed we **will fly** over the \$1000.00 mark. The support will be greatly appreciated.

See you at the meeting.

Brooks Ellison
